

Plenary Speaker

International Conference on Low Carbon Asia (ICLCA2023)

17-18 October 2023, Okayama Convention Center

Henrik Lund, Denmark

Henrik Lund (born 2 July 1960) is a Danish engineer (M.Sc.Eng.1985) and Professor in Energy Planning at Aalborg University in Denmark. He holds a PhD in Implementation of Sustainable Energy Systems (1990) and a Dr. Techn. in Choice Awareness and Renewable Energy Systems (2009).

Henrik Lund is a highly ranked world-leading researcher. He is listed among ISI Highly Cited researchers ranking him among the Top 1% of researchers in the world within engineering and on the Stanford list of the Top 2% of scientists.

Henrik Lund has many years of management experience as Head of Department for approx. 200 staff persons (1996-2002), head of the section for approx. 50 persons (2014 – 2016) and head of a research group of 20-30 persons (2002 – present). During his time, the Sustainable Energy Planning research group at Aalborg University has grown to approx. 30 staff members, including 4 professors.

Henrik Lund is Editor-in-Chief of Elsevier's high-impact journal *Energy*, with annual 10000+ submissions.

Henrik Lund is the author of more than 400 books and articles, including the book "Renewable Energy Systems". He is the architect behind the advanced energy system analysis software EnergyPLAN, a freeware used worldwide that has formed the basis of more than 200 peer-reviewed journal papers worldwide.
